VASE, STYLISTS' OWN

guiding light

We followed our nose to this month's scented goodies and incense sticks

Candles really come into their own in winter, when staying at home has an allure that other months simply can't beat. This centre of light and warmth was created with a divine Cire Trudon Les Belles Matieres 'Salta' candle (\$135; agencedeparfum.com.au), a Santa Maria Novella perfume-soaked Pomegranate and Carta D'Armenia Papers (\$95, and \$33 for 18 papers, respectively; peonymelbourne.com.au). And because they smell so great, why not go for it and add Oribe Incense Sticks (\$89 for 50, from David Jones). Bliss!
